

NEW CALOMEL IS WHOLLY DELIGHTFUL

Calomel, the new harmless and nauseous calomel, may now be obtained at almost any good drug store. As a liver-cleanser and system-purifier the new Calomel is even more effective than the old style calomel, yet there is not the slightest danger, nausea nor unpleasantness.

One Calomel at bedtime, with a swallow of water, that's all. Next morning you awake feeling fine, with a hearty appetite for breakfast. Eat what you please, fruits, acids or anything. There is not the slightest danger nor interference with your work. Calomels are sold only in original, sealed packages, price thirty-five cents. Your druggist will refund your money if you are not delighted—he recommends them.—(Adv.)

J. MITT PAYNE CAN'T BE FOUND

Deposed City Treasurer Missing Since Tuesday Morning. Friends Searching.

The friends and relatives of J. Mitt Payne are greatly worried over his whereabouts, the former city treasurer having not been seen since Tuesday, just prior to the commission meeting. Several of Mr. Payne's

personal friends stated Friday morning that during the day Wednesday when he failed to take his appearance at his home or at the Elks club, where he generally took his meals, that they began a systematic search for him. Failing in their every effort to locate him they became greatly worried and have gone so far as to wire several places he was occasionally known to go. Officials at the city hall stated Friday morning that they would continue in their search for him until he is located. Though it is scarcely believed that Mr. Payne has met with any mishap, a feeling of uneasiness exists.

On many occasions, Mr. Payne would visit the Elks lodge on the river, north of here, where he would stay for the week-end. When he was missed Tuesday night and Wednesday morning it was thought he was at this club house. On Thursday a party visited the place but Mr. Payne was not there and had not been there. It will be remembered the resignation of Mr. Payne, who has been city treasurer for the past eight years, was tendered by Mayor Littleton at the last commission meeting and was accepted. Mayor Littleton has had the resignation in his possession for a year. It was originally placed in his hands when the accounts of the treasury were first audited and reported to have been badly kept. He was given another chance and his resignation written out with the understanding if the complained of conditions presented themselves again the resignation would become automatically effective. Some time ago Auditor Peterson's report showed that the office of Mr. Payne had continued to run slovenly and that the accounts were some \$400 out of the balance, so at the commissioners' meeting on last Tuesday the resignation was accepted. Mr. Payne appeared at his office on Tuesday morning, as usual, but in a short while left and has not been seen since.

CONSCRIPTION OF HALF NET INCOME

Marsh, of Farmers' National Committee, Would Raise Revenues From Wealth.

\$50,000 A YEAR ENOUGH

In Addition to Profits and Incomes Proposes Heavy Tax Upon Unused Lands.

(International News Service.) Washington, June 7.—Conscription of half the net taxable income of American corporations, estimated at \$8,500,000,000 annually, was recommended to the house ways and means committee in its first hearing on the new revenue bill today by Benjamin C. Marsh, executive secretary of the farmers' national committee on war finance.

In addition Marsh recommended en-

ormously increased levies on unearned incomes, which, with the \$2,000,000,000 to be secured from customs, excise taxes, postage and other miscellaneous sources, would provide more than the \$8,000,000,000 needed by the treasury department.

"During the war no patriot will want an income of over \$50,000 a year, and no one not a patriot is entitled to half that," Marsh said.

"A heavy tax on incomes from \$1,951 to \$50,000 would yield approximately \$1,500,000. From such an income tax, therefore, at least \$3,450,000 can be secured."

The Greatest of These Is Health

Your may have riches, you may have honors, you may have position, but if you have not health, all or any of these are as nothing. Any man who is honest with himself will eat nothing, do nothing or think nothing to harm his health. Many of the ills of men are due to eating unclean things. If the human family were today as carefully fed as horses in training or live stock being fattened for the market, we would become a nation of Samsons.

The Piggly Wiggly stores are clean, the goods are clean, packages in all Piggly Wiggly stores are weighed by an automatic machine without a human hand touching them. Purity and goodness are sealed in—dirt, vermin and moisture are sealed out.

You can't order groceries from the Piggly Wiggly stores by telephone. We want people who desire health by eating clean groceries to come to our store and select such things as they want with their own hands. You take your own purchases with you, clerks, porters and delivery boys don't pitch them around from pillar to post.
